THE REASON FOR THIS MAGAZINE

News sources that are able to keep you awake to the vital issues of our times must be unfettered by censorship and selfish interests. "Awake!" has no fetters. It recognizes facts, faces facts, is free to publish facts. It is not bound by political ties; it is unhampered by traditional creeds. This magazine keeps itself free, that it may speak freely to you. But it does not abuse its freedom. It maintains integrity to truth.

The viewpoint of "Awake!" is not narrow, but is international. "Awake!" has its own correspondents in scores of nations. Its articles are read in many lands, in many languages, by millions of persons.

In every issue "Awake!" presents vital topics on which you should be informed. It features penetrating articles on social conditions and offers sound counsel for meeting the problems of everyday life. Current news from every continent passes in quick review. Attention is focused on activities in the fields of government and commerce about which you should know. Straightforward discussions of religious issues alert you to matters of vital concern. Customs and people in many lands, the marvels of creation, practical sciences and points of human interest are all embraced in its coverage. "Awake!" provides wholesome, instructive reading for every member of the family.

"Awake!" pledges itself to righteous principles, to exposing hidden foes and subtle dangers, to championing freedom for all, to comforting mourners and strengthening those disheartened by the failures of a delinquent world, reflecting sure hope for the establishment of God's righteous new order in this generation.

WHY THIS MAGAZINE IS PUBLISHED

Today as never before, what goes on in the rest of the world affects each one of us. "Awake!" reports on the world scene. But it does more for you personally.

It probes beneath the surface and points to the real meaning behind current events. And it gives practical suggestions to help you to cope effectively with the mounting problems of our time.

The scope of subjects covered by "Awake!" makes it a magazine for the entire family. Customs and people in many lands, the marvels of creation, religion, practical sciences and points of human interest all are included in its pages.

In keeping its freedom to bring you the truth, this magazine has no commercial advertisers to please. Also, it stays politically neutral and it does not exalt one race above another.

Most importantly, "Awake!" provides hope, giving you a basis for confidence in the Creator's promise of a new order of lasting peace and true security within our generation.

WHY THIS MAGAZINE IS PUBLISHED

Today as never before, what goes on in the rest of the world affects each one of us. "Awake!" reports on the world scene. But it does more for you personally.

It probes beneath the surface and points to the real meaning behind current events. And it gives practical suggestions to help you to cope effectively with the mounting problems of our time.

The scope of subjects covered by "Awake!" makes it a magazine for the entire family. Customs and people in many lands, the marvels of creation, religion, practical sciences and points of human interest all are included in its pages.

In keeping its freedom to bring you the truth, this magazine has no commercial advertisers to please. Also, it stays politically neutral and it does not exalt one race above another.

Most importantly, "Awake!" provides hope, giving you a basis for confidence in the Creator's promise of a new order of lasting peace and true security within our generation.

WHY AWAKE! IS PUBLISHED

AWAKE! is for the enlightenment of the entire family. It shows how to cope with today's problems. It reports the news, tells about people in many lands, examines religion and science. But it does more. It probes beneath the surface and points to the real meaning behind current events, yet it stays politically neutral and does not exalt one race above another.

Most importantly, this magazine builds confidence in the Creator's promise of a peaceful and secure New Order before the generation that saw the events of 1914 passes away.

August 1986. As a result, Japanese workers last year received the smallest wage increase in 31 years—an average of 4.5 percent. And unemployment reached 2.9 percent of the work force, the highest since 1953. It is feared that the rate “may worsen to 7%-8%,” according to the chairman of the Japan Federation of Employers’ Associations.

Result of Trade Imbalance

But why did the dollar shrink? Simply put, it was due to trade war in the very competitive world of international business. Some nations manage to export more goods than they import, resulting in a trade surplus. Canada, for example, has an annual trade surplus of \$18.6 billion, and Japan exported goods worth \$82.7 billion more than the goods it imported in 1986.

On the other hand, countries like the United States now import far more goods than they export. It is easy to see what this situation does to a country’s economy. The resulting trade deficit creates serious unemployment problems and deals a blow to its economic stability.

Realizing that the economy of the world depends largely on the soundness of the U.S. economy, finance ministers and banking magnates of the five leading industrial nations met in September 1985 and agreed to depreciate the U.S. dollar against the major currencies of the world. The idea was that with the value of the dollar lower, goods from the United States would be cheaper and more competitive in other countries. This would boost U.S. exports. At home, demand for imported goods would decline, as these would now carry higher price tags. The net result, theoretically, would be to reduce the U.S. trade deficit.

Since the launching of the plan, the val-

Child Custody A Painful Issue

WTPA012421

Child Custody Should Religion Be an Issue?

KARON “has love for the children and attempts to properly provide for them. However, her beliefs as a Jehovah’s Witness come first, and by her actions and beliefs she is jeopardizing the health, welfare and best interests of the children.”

This statement by a circuit court judge hit Karon like a thunderbolt. It meant that she had lost custody of her two small children—one an 11-month-old infant. Her husband, who before their divorce had taunted, “It’s Jehovah’s Witnesses or me!” now had custody. Karon could see her girls only every other weekend.

“My lawyer had assured me that my children could not be taken away from me because of my religion but that I had to be proved an unfit mother,” explained Karon, a housewife in the state of Missouri, United States. “I was devastated.” And no wonder, since undisputed testimony was presented

in court that she was a loving mother who ‘regularly spent quality time with her girls.’

To visit her girls, Karon now had to travel to a city a hundred miles away. “Each time I left from the visits, my ex-husband’s parents, who were keeping the girls, literally had to drag them off my legs so that I could go,” recalled Karon. “They were kicking and screaming, ‘Why can’t we go home with you?’ There were times I had to pull over on the roadside on the way home because of my tears and pray that Jehovah give me strength.” Karon appealed to a higher court.

In a unanimous decision, the six judges of the Missouri Supreme Court gave her girls back to her. Appellate judge John Bardgett expressed the “firm conviction that the trial court was wrong” in concluding “that the members of the Jehovah’s Witnesses religion, as a class and because of the tenets of

Violence in Sports

Why the Increase?

“**S**PORT means health” is an old adage. In ancient times Greek doctors claimed that moderate sporting activity could bring good health.

Today, however, many sporting events are anything but healthy for either participants or spectators. Violence in sports has reached such proportions that an authoritative agency, the European Parliament, has approved a lengthy resolution “on vandalism and violence in sport.” Alarmed by the ferocity of clashes before and after sporting events, both between the players and between the fans of opposing teams, the members of the European Parliament examined the phenomenon in its various features, its causes, and possible measures to stem it. What did they find, and what forms has violence in sports taken?

‘A Widespread Phenomenon’

Soccer, the world’s favorite sport, comes in for most of the criticism, but almost all other kinds of sport are involved in the problem. In 1988 violence flared during the European international soccer championships held in Germany. After a game involving their national team, British fans started a raging battle that ended up with wounded policemen, damaged property, and 300 persons arrested. After a victory of the Italian team during the same championships, three people died in a frenzy of enthusiasm.

In Britain infamous hooligans sow panic wherever they go, helping “to destroy the image of English football at home and abroad,” as *The Guardian* said. And several times during one sports season, the Monday editions of

coca paste and similar substances is common in many such lands. UN Secretary-General Javier Pérez de Cuéllar thus said that the problem of illicit trafficking in and abuse of drugs “presents as destructive a threat to present and coming generations as the plagues which swept many parts of the world in earlier ages.”

The use of legal drugs, such as alcohol and tobacco, among youths also has many experts—and parents—worried. Reports the *UN Chronicle*: “Over the past 30 to 40 years, according to WHO [World Health Organiza-

tion], increasing percentages of children and adolescents have begun to drink alcohol; the quantities and frequency of consumption have increased; and the age at which drinking begins has declined.”

Granted, only a minority of young people are depressed or engaging in self-destructive behavior. Worldwide, however, it still amounts to many millions who have severe problems. As we will next see, young people today are being exposed to stresses and pressures that are unique to the times we are living in.

Today's Youth

The Challenges They Face

“RESEARCH shows that the teen years are without a doubt among the most confusing and stressful times of life.” So wrote Dr. Bettie B. Youngs in her book *Helping Your Teenager Deal With Stress*. In times past, youths had their hands full just being young. Nowadays, though, they must deal with both the travails of adolescence and the formidable adult pressures of life in the 1990's.

Wrote Dr. Herbert Friedman in *World Health* magazine: “The transition from child

How to Cope When You Lose Your Job

WTPA014565

number of white-collar workers also lost their jobs. "These are the economic icon jobs," said Dan Lacey, editor of the newsletter *Workplace Trends*, "the jobs that gave us the ability to buy a house in a nice neighborhood and drive two cars."

Many of those jobs were lost in the last few years. And the workers who were laid off found themselves, as *Newsweek* put it, "weighted down by mortgages, young families, big bills and an increasingly uncertain future."

What Are the Effects?

There is a twofold impact to all of this: Laid-off workers are hit both financially and

emotionally. The financial strain is obvious. With less income, one's standard of living must be adjusted. And unemployment has an emotional effect as well.

For example, the outlook of young people toward job security changes. Sporadic employment becomes a normal, accepted way of life. *The Wall Street Journal* noted that off-and-on unemployment has turned many of Britain's youths into "permanent adolescents."

There are more deep-seated emotional implications for those who are laid off after years of steady employment. "When there's a layoff," said management psychologist Neil P. Lewis, "it's not just losing a paycheck, but losing a bit of your self-concept."

In fact, psychologists have noted that the trauma of being laid off is similar to the trauma associated with the death of a loved one and with divorce. Initial shock gives way to anger, which in turn leads to grief and then acceptance. "Some people go through it all in two days," says Lewis. "Others take weeks and months."

It reports the news, tells about people in many lands, examines religion and science. But it does more. It probes beneath the surface and points to the real meaning behind current events, yet it always stays politically neutral and does not exalt one race above another. Most important, this magazine builds confidence in the Creator's promise of a peaceful and secure new world before the generation that saw the events of 1914 passes away.

The End of Economic Expansion?

In the past year, fear of turbulent waters in the sea of finance has been reported worldwide. Consider several examples:

France: “The world is reaching the end of the longest period of economic expansion that it has ever known. . . . If European countries do not have much to fear in the short term, thanks to the boost provided by German reunification, they cannot expect to escape completely. . . . The markets have seen the danger coming.”—*Le Monde*, Paris.

Brazil: A recession in the United States would “inevitably be transmitted and felt in the other industrialized countries and, as a result, would create greater restrictions for the growth of exports from the less-developed nations.”—*Fôlha de S. Paulo*, São Paulo.

Britain: “The British economy, with its deeply rooted inflation, high interest rates, and slow growth, also appears uninviting.”—*Financial Times*, London.

Canada: “A lot fewer employers are looking for a lot fewer workers.”—*The Toronto Star*.

Germany: “Parallels to the 1973 oil-price shock are already visible . . . as [are] signals of recession.”—*Neues Deutschland*, Berlin.

Japan: “Land values are now like a hair-trigger bomb sitting at the heart of the world economy. If the bomb were allowed to go off and land prices fell, Japanese banks would implode as [loans] secured on Japanese land became next to worthless. This, in turn, would trigger a worldwide recession.”—*Australian Financial Review*, Sydney.

However, the end of the Gulf War early in 1991 brought renewed hopes of an upturn in economic activity throughout the world. Still, it is evident that national economies are indeed fragile things, especially considering the enormous debt load that already burdens many countries.

The emotional toll is also seen in that those laid off become more susceptible to alcohol and drug abuse. Despair can even lead to family violence or breakup. “Those feelings have to go somewhere,” stated Stephen Pilster-Pearson, director of employee assistance at the University of Wisconsin, U.S.A., “and one of those places, of course, is home.”

In an even more tragic reaction, a universi-

ty graduate in Hong Kong chose to end his life after five years of unemployment. He stepped into the path of an oncoming train.

So when jobs are lost, more than the wallet is affected. Thus, it is imperative to see beyond the financial aspect of the problem. Highly charged emotions are involved, and families must pull together and unitedly work at solutions.

GAMBLING Does It Pay?

he adds, “but the fact is I was feeling depressed, and that is why I started playing bingo. Then I looked for other games of chance. You feel great when you have a pocketful of bills and are ready to play.” Another habitual gambler, who had lost his job as a company director, was asked if he had ever considered giving up his vice. “Give it up?” he replied. “I couldn’t do that. It’s my living.”

Although the motives may vary, gamblers are certainly not a minority group. To a greater or lesser extent, 3 out of 4 adult Americans gamble; the proportion in Spain, another country where gambling is endemic, is similar. And gambling

I’d do without Atlantic City,” she remarks. “This is our fun, you know, this is what we do.”

For others, gambling is much more than mere amusement, an escape from everyday routine, or a hopeful stab at riches. In their case it is an important—if not essential—part of life.

“I’m a gambler because I enjoy the risk involved,” explains Luciano, from Córdoba, Spain. “I’m not making excuses for myself,”

is big business. Only a few industrial corporations in the world have annual sales that exceed those generated by the lotteries in 39 countries.

Evidently, gambling’s magic is potent. But is it a harmless enchantment, or does it harbor hidden dangers? An ancient proverb warns: “He that is hastening to gain riches will not remain innocent.” (Proverbs 28:20) Is this true in the case of those who would be rich the gambling way?

The Bitter Price of Gambling

Bobby was found dead in a car parked on a north London street. Only 23 years of age, he had committed suicide.

The elderly man had been sleeping on the streets for some time before appearing at a welfare center. He was very weak, as he had not eaten for four days, nor had he taken his prescribed medicine for a heart condition.

Emilio, father of five, was heartbroken. He had been deserted by his wife and children. Now they refused even to talk to him.

A SUICIDE, a vagrant, and a rejected father: three sad cases, apparently unrelated but not uncommon in present-day society. But each tragedy had a common factor—an addiction to gambling.

Many compulsive gamblers refuse to admit they have a problem, and family members often cover up for them to avoid the social stigma. But every day millions of households throughout the world face anguish and despair because of this destructive addiction.

Nobody knows how many compulsive gamblers there are. For the United States, ten million is considered a conservative estimate. The numbers are alarming and are escalating everywhere as gambling opportunities multiply in country after country. Compulsive gambling has been described as “the fastest growing addiction.”

Many of the new addicts started off as casual gamblers who just wanted to “try their luck.” Then they got swept along into the nightmare of gambling addiction.

When Gambling Gets Out Of Control

What changes casual gamblers into compulsive ones? The causes vary, but in one way or another, gamblers arrive at a point in their lives when they feel they cannot live without gambling. (See box on page 7.) Some discover in gambling an excitement that is missing in their lives. One gambler explained: “It doesn’t really matter to me whether I win or lose. When I make a bet, especially if I wager more than those around me, I feel that I’m the most important person in the world. People respect me. I feel so excited!”

Others turn to gambling out of loneliness or depression. Ester, mother of four, was

MANKIND'S SEARCH FOR GOD

During the thousands of years of mankind's history, man's search for God has led down many pathways. The result has been the enormous diversity of religious expression found worldwide—from the endless variety of Hinduism to the monotheism of Judaism, Islām, and Christendom and to the Oriental philosophies of Shinto, Taoism, Buddhism, and Confucianism. In other vast regions, mankind has turned to animism, magic, spiritism, and shamanism. Has this search for God been successful? Through this book we invite you, regardless of your religious background, to join in this fascinating search for the true God.—The Publishers

What, exactly, is the Trinity?

Does the Bible teach it?

Is Jesus Christ the Almighty God and part of the Trinity?

HOW CAN BLOOD
SAVE YOUR LIFE?

EACH day people face ethical decisions about health: organ transplants, abortion, the “right to die.” Hopefully, you will never face those problems.

Yet, there is one issue that demands your attention: How can blood be used to save life?

With good reason, many now ask, ‘How safe are blood transfusions?’ But this is more than a medical issue. It has made news involving Jehovah’s Witnesses. Have you wondered why these ethical people, who believe in good medicine, refuse to accept blood?

As you will see, the medical and moral aspects of using blood bear directly on how you can save your most valued possession: LIFE.

Do you have the answers?

To the Reader:

We are sure you have your own share of problems. Everyone has. At school or at work, you may face interesting problems that challenge you. Other problems are more painful, though. If you are poor, just getting enough to eat can be a continuing challenge. Sickness in the family makes matters worse. Unhappy marriages, prejudice, unfair practices, political unrest, and economic uncertainty make life more difficult.

Can such problems be solved? That is the subject of this publication. The question is discussed in conversations between two families. The conversations and the families are fictional. But the problems discussed are real, and the solutions arrived at really work. If you study and apply what this publication says, the information will truly change your life for the better. There are questions on page 30 that can be used to review the material.

Spirits of the Dead

Can They Help You
or Harm You?

Do They
Really Exist?

Such experiences are common in West Africa. Here, as in other parts of the world, countless millions believe that dead people pass on to the spirit world, where they are able to observe and influence the lives of people on earth. Is this belief true? Are the dead really alive? If not, who are those who claim to be spirits of the dead? Knowing the correct answers to these questions is vitally important. It is a life-and-death matter.

Will There Ever Be a World Without War?

◀ Mt. Hermon

Earth could be a paradise—man has made it a battlefield

▼ Jordan River

Cover: United Nations Peace Statue set against a background of the Isaiah Wall

Will There Ever Be a World Without War?—In our time we have seen the most devastating wars ever to afflict humankind. Millions of widows, widowers, and orphans have been left to grieve for their loved ones. At the 1991 Madrid Middle East peace conference, Yitzhak Shamir said: “I am sure that there is no Arab mother who wants her son to die in battle—just as there is no Jewish mother who wants her son to die in war.” Thus, our title is appropriate, *Will There Ever Be a World Without War?*

Also, have you ever asked: Is there any way to confirm the existence of God? If so, why has he allowed so much suffering? What is God’s purpose for us, and how can we know it? What evidence is there that the Bible is inspired? Exactly what is the state of the dead, and what hope, if any, is there for them? These questions and others will be covered in the course of this discussion.

“YOU ARE MY WITNESSES,” SAYS JEHOVAH.—Isa. 43:12
WTPA040779

Every watchtower has its purpose. It serves as an elevated place for a wide-awake person with sharp vision. It enables him to see far ahead into the distance and tell those below for whom he is a watchman what is drawing near, whether it is a danger against which to prepare or it is something good over which to be glad with strong faith and hope.

Because of having the name "The Watchtower" this magazine justly has to render a similar useful service to the people of all nations. This is an international magazine and makes no racial distinctions, for we are all facing a common world danger; we are all hoping for a common good.

Ever since "The Watchtower" began to be published in July of 1879 it has looked ahead into the future, always striving to aid its readers to advance in knowledge and to gain a clearer picture of the glorious new order of things that is in store for righteous mankind. No, "The Watchtower" is no inspired prophet, but it follows and explains a Book of prophecy the predictions in which have proved to be unerring and unfailing till now. "The Watchtower" is therefore under safe guidance. It may be read with confidence, for its statements may be checked against that prophetic Book.

Among the many nations of today there are hundreds of differing religions. Which one does this magazine present? Not the confused religions of Christendom, but the religion of the oldest sacred Book on earth. Which Book? The Sacred Bible of the Holy Scriptures, written by inspiration in the name of the Creator of the heaven and earth, the only living and true God.

The sacred, nonpolitical purpose of "The Watchtower" is accordingly to encourage and promote study of the Holy Bible and to give our many readers the needed unsectarian help to understand that Book of true religion and infallible prophecy. Thus this magazine will be helping them to prove worthy of perfect life and happiness in God's promised new order under His everlasting kingdom of righteousness.

ANNOUNCING JEHOVAH'S KINGDOM

WTPA041483

The WATCHTOWER

February 1, 1974
Vol. 95, Number 3

A watchtower enables a person to see far into the distance and announce to others what is coming. Can a magazine serve similarly in our day? Yes, from its first issue (July 1879) onward, *The Watchtower*, published by Jehovah's witnesses, has done just that.

How can it benefit you? Consider: Do you long for a better world, one of true justice and free from sorrow, hatred and war? Do you want to live at a time when genuine peace and love prevail among people of all races? Then this magazine can aid you. Using God's Word, the Bible, as its authority, it points out the clear evidence that the present wicked system of things will soon end, destroyed by God. But it also announces the coming in of a righteous new order. There, under the rule of God's kingdom, his heavenly government, people will enjoy life forever in true peace, health and happiness on a paradise earth.

Faithfulness to the Word of God lifts *The Watchtower* above the contradicting religious teachings and philosophies of men. It stays strictly neutral as regards political affairs. It wholeheartedly upholds the highest moral standard—that of man's Maker, Jehovah God. From this source, it shows solutions to the problems of daily life.

We know that many sincere persons would appreciate a discussion of these things in their own home with a qualified person. A minister of Jehovah's witnesses will be glad to call on you free of charge. To arrange for this, simply write the publishers of this magazine or contact Jehovah's witnesses locally.

The WATCHTOWER

March 15, 1976
Vol. 97, Number 6

A watchtower enables a person to see far into the distance and announce to others what is coming. Can a magazine serve similarly in our day? Yes, from its first issue (July 1879) onward, *The Watchtower*, published by Jehovah's witnesses, has done just that.

How can it benefit you? Consider: Do you long for a better world, one of true justice and free from sorrow, hatred and war? Do you want to live at a time when genuine peace and love prevail among people of all races? Then this magazine can aid you. Using God's Word, the Bible, as its authority, it points out the clear evidence that the present wicked system of things will soon end, destroyed by God. But it also announces the coming in of a righteous new order. There, under the rule of God's kingdom, his heavenly government, people will enjoy life forever in true peace, health and happiness on a paradise earth.

Faithfulness to the Word of God lifts *The Watchtower* above the contradicting religious teachings and philosophies of men. It stays strictly neutral as regards political affairs. It wholeheartedly upholds the highest moral standard—that of man's Maker, Jehovah God. From this source, it shows solutions to the problems of daily life.

We know that many sincere persons would appreciate a discussion of these things in their own home with a qualified person. A minister of Jehovah's witnesses will be glad to call on you free of charge. To arrange for this, simply write the publishers of this magazine or contact Jehovah's witnesses locally.

A WATCHTOWER enables a person to look far into the distance and announce to others what is seen. Likewise, this magazine, published by Jehovah's Witnesses, aids the reader to see what the future holds. Since it began publication in 1879, "The Watchtower" has held faithfully to God's Word as its authority. It stays clear of all political involvement. It points to the Bible prophecies showing that Jesus Christ is God's means for restoring peace and harmony to this globe. It shows that this Son of God, on the basis of his shed blood, will release mankind from sin and death to enjoy eternal life in happiness on a paradise earth. Because Jehovah God will accomplish all this soon through his kingdom by Jesus Christ, "The Watchtower" announces that kingdom as the real hope for mankind.

A WATCHTOWER provides a vantage point from which the watchman can observe and warn of approaching danger. This magazine, published by Jehovah's Witnesses since 1879, serves a similar purpose. It keeps watch on world events in these critical times and calls attention to God's warning of his vengeance soon to be executed on those ruining the earth. It comforts all peoples with the hope that God's kingdom by Jesus Christ is about to bring in a global paradise of peace. It encourages all to exercise faith in the ransoming power of Jesus' shed blood, and points to the joyous prospect of everlasting life on earth under the sovereignty of the true God, Jehovah. "The Watchtower Announcing Jehovah's Kingdom" is nonpolitical, and adheres to the Bible as authority.
